ALPHAN AKBULUT

Senior Technical Product Manager | Senior Product Owner | PSM I | PSPO I

Istanbul, TR | alphanakbulut@hotmail.com | +90 537 227 07 80

SUMMARY

Technical Product Manager | Senior Product Owner with 10+ years of experience delivering digital products across e-commerce, B2B/B2C platforms, and operational systems. Strong background in API-driven product delivery, backlog ownership, technical analysis, UI/UX definition, and cross-functional execution with engineering teams.

Combines product ownership, business process expertise, and hands-on problem solving to turn complex operational and integration requirements into scalable product solutions across retail and travel domains.

EXPERIENCE

Senior Technical Product Manager - Biletbank (Technoly Istanbul)

10/2023 - 04/2026 | Istanbul, TR

- Managed end-to-end API integrations with AJET NDC (20.1/SOAP to 24.1/REST migration), AVIA Center, and AERTicket-related provider flows, including schema mapping and go-live delivery.
- Owned roadmap and backlog for the B2B Travel Agency Portal; translated provider and business needs into prioritized epics and stories, AC/DoD, and sprint delivery.
- Defined and delivered ancillary service flows, provider-specific logic, product behavior, and post-booking add-on UX requirements.
- Managed the Faring pricing module, including standard/dynamic markups and fare consolidation; took over governance from a third-party vendor.
- Investigated pricing, booking, and payment issues using SQL Server (T-SQL), Postman, SoapUI, and internal logs.
- Designed onboarding and agency-registration journeys, wireframes, acceptance criteria, and release-ready product requirements.
- Aligned directly with airline and provider teams on technical issues, escalations, testing, and rollout readiness.

Product Owner / Scrum Master (Contract via SahaBT) - Coca-Cola Icecek

09/2022 - 04/2023 | Contract

- Supported Salesforce Contract Lifecycle Management (CLM) rollout for Finance and Sales Operations across 11 countries.
- Owned Jira backlog and facilitated Scrum ceremonies, refining epics and stories with AC/DoD.
- Coordinated UAT test cases, execution, defect triage, release notes, and runbooks.

EXPERIENCE - CONTINUED

Product Owner / Scrum Master - Farmazon

12/2021 - 05/2022

- Owned roadmap and backlog for B2B e-commerce and Order Management (OMS), including sprint goals, user stories, and AC/DoD.

- Delivered marketplace and API integrations (OpenAPI/Swagger, Postman); defined API contracts and supported UAT.

- Collaborated with design in Figma, wrote Gherkin scenarios, and maintained release notes and runbooks.

DeFacto - Senior Product Owner (E-commerce)

01/2021 - 12/2021

- Owned core product scope for defacto.com.tr, prioritized the roadmap, and coordinated engineering, category, and business teams.

- Improved back-office and operational tooling for 25 e-commerce sites, covering discovery, UAT, and release readiness.

DeFacto - Senior Merchandiser (Commercial Operations)

01/2019 - 01/2021

- Delivered the cross-country Local and Direct Sourcing program using as-is/to-be process mapping, requirements, and tooling improvements.

- Managed vendor onboarding and category spend; defined SLAs/KPIs and worked with IT, Legal, Finance, and Business Development.

DeFacto - Product Owner (Returns & Refunds Program)

12/2015 - 01/2019

- Owned the company-wide returns and refunds program across systems, operations, and budget.

- Led process and system improvements reducing annual costs from $8M to $3M (-62.5%) over two years.

- Managed backlog, KPIs, approval workflows, reporting, and cross-team delivery across stores, e-commerce, Finance, and Customer Service.

Business Analyst - Universal Information Technologies

12/2014 - 12/2015

- Conducted requirements and process analysis through stakeholder interviews and workshops; documented as-is models, KPIs, and pain points.

- Performed gap/impact analysis and designed to-be workflows using BPMN/SOPs, acceptance criteria, and process documentation.

- Supported test design, UAT, go-live analysis, and continuous process improvements.

Istanbul, TR | alphanakbulut@hotmail.com | +90 537 227 07 80

EXPERIENCE - CONTINUED

Area Sales Manager / Management Trainee - Hedef Alliance Holding

10/2010 - 01/2014

- Managed regional sales, key accounts, commercial agreements, and sales KPIs.
- Produced stock/sales reporting and annual Census reporting for 75 branches; improved cold-chain logistics processes.
- Supported IT and Operations during the Istanbul mega-warehouse project through industrial-engineering process analysis.

Compulsory military service: 2011-2012, Turkiye.

EDUCATION

Istanbul Kultur University - B.Sc., Industrial Engineering (English) - 2005-2010 - Istanbul, Turkiye
